## Part C – Terms and Conditions

### River Relocations

Customers may seek to purchase water from another person's on-site storage. In such situations, the normal arrangements are for that person to release water into a stream for delivery to the SunWater customer.

This form is only required where a buyer (or person taking the water) is a SunWater customer and plans to take the water through the customer's nominated works used to divert other water delivered by SunWater.

### Water Use Charges

SunWater has no water use charges for taking water under a river relocation arrangement. However, we require meter reads to enable us to correctly account for the water taken and to exclude it from attracting normal water consumption charges. Unless prior arrangements are made, these readings are provided by the Customer. SunWater can take these readings however a meter reading fee will apply.

### Application Fee

A non refundable fee applies in recognition of administration and processing costs. Please refer to the Fees and Charges schedule for tariff. An additional fee may be required where there are significant operational or management arrangements required on SunWater's behalf. For example, where SunWater must alter outlets in storages to enable delivery of this additional water.

### Terms and Conditions

By signing this Form, the Customer:

- acknowledges that SunWater is not a party to the Relocation transaction and is not responsible for the delivery of the water;
- releases and indemnifies SunWater from any action or claim arising from the relocation;
- warrants they have provided all necessary statutory approvals, including approvals under the *Water Act 2000*, for the diversion of this water;
- agrees to provide meter reads by phone, fax or through SunWaterOnline to SunWater at the start and finish of taking Relocation Water;
- agrees to take water in accordance with SunWater's reasonable requirements, which may include the time(s) and rate at which water can be taken. These requirements may be provided in writing, by fax or by telephone;
- agrees to take the water through the Customer's Nominated Works as specified in Part B of this form by reference to the meter number;
- acknowledges that SunWater does not warrant the quality of the water taken.

## Part D – Signatures

Please attach the Application Fee by money order or cheque to this form.

I agree to the Terms and Conditions set out in Part C of this Application Form.

This form must be signed by ALL those listed as Customers on the Water Supply Contract & Relocation Water Contract as the Applicant and any Other Party ("Relevant Signatories"). The Relevant Signatories may sign this form personally, or an authorised person may sign on their behalf. SunWater accepts the signatures of persons authorised to sign under a SunWater "Appointment of Agent Form", and persons authorised to sign under a relevant Power of Attorney, where a copy of that Power of Attorney is attached/already submitted. Authorised persons should specify on whose behalf they are signing, and whether they are signing under an Appointment of Agent Form or a Power of Attorney. Please note, a SunWater Online Customer Principal does not have authority to sign a manual relocation application form.

### Signed by all Relevant Signatories

Applicant's Signature(s): \_\_\_\_\_ Date: \_\_\_\_\_

Applicant's Signature(s): \_\_\_\_\_ Date: \_\_\_\_\_

Other Party's Signature(s): \_\_\_\_\_ Date: \_\_\_\_\_

Other Party's Signature(s): \_\_\_\_\_ Date: \_\_\_\_\_

Specify where relevant: Signed on behalf of \_\_\_\_\_ Under Power of Attorney   
(copy attached/already submitted)

Signed under Appointment of Agent Form

## Part E - SunWater Conditional Approval

SunWater endorses the relocation application form conditional upon the applicant receiving DERM approval for relocation of the water. Please note that this endorsement covers only the operational aspect associated with the delivery of this water. As any water put into a watercourse is vested in the state regardless of any intent that the water be taken at another location, as such SunWater takes no responsibility for Water Quality and other environmental/ecological requirements of input water (i.e water released to a watercourse.)

Approved by Service Manager St George Depot

Signature of Service Manager \_\_\_\_\_ Date: \_\_\_\_\_
