3. SunWater Report

Discussion centered on the inflow into Callide and Kroombit Dams. The volume available for release from Callide is approximately 4000ML. It was expected that this amount may increase with further inflows expected over the next month. Callide Storage was 36044 ML or 26.4%.

A motion was proposed that the meeting reconvene in the 1st week of April (Thursday 8) to finalise a decision on making a release and the timing of the release.

Moved: Duncan Downie
Seconded: Bruce Burrows
Carried

4. General Business

Some discussion was held on the future role of the IAC.

A motion was proposed that the role of the IAC be maintained as a means of providing feedback from the irrigator community.

Moved: Bruce Burrows
Seconded: Scott Fitzgerald
Carried
