Present

IAC Members -- Barry Frederiksen, Jeff Schmidt, Allan Otto, Trevor Turner, Daryl Cronau
Roy Goldenstein SunWater
Milton Pukallus SunWater
Nev Wogandt SunWater

Agenda

As Attached

Main Points

The main purpose of the meeting was to discuss and get feed back on the NSP (Network Service Plans) for the Lower Mary Water Supply Scheme.

The members were advised that the plans would be reported on through the coming year.

The plans were distributed to the meeting and are also on the SunWater web site. The IAC members were asked to disseminate the information to their constituents through their usual channels of communications to gain feedback.

General Business

- General comment on the future of electricity prices is an issue for all growers as the prices affect the viability of farming enterprises.
- The issue of regular meetings was discussed and the consensus was that meetings twice yearly would be sufficient. If issues were needed to be discussed more frequent meetings can be called by the committee or SunWater.

Meeting closed 10:30am
