### 1. Apologies

No apologies

### 2. Minutes of Previous Meeting

The Minutes to the previous meeting held on the 26<sup>th</sup> May 2011 were accepted as true and correct.

### 3. General Business

Concerns were raised by the irrigation group in relation to the Intersafe Program in St George and how this was being funded. St George now has a negative annuity and they were not consulted in relation to the work. The irrigators were to make a submission to the QCA in relation to this.

Thuraggi Channel – The irrigators demanded a risk analysis to be undertaken in relation to the condition of Thuraggi Channel. Thuraggi Channel is the water distribution channel for St George and has deteriorated with tree growth over the past years. Irrigator group are intending to write to the Minister in relation to Thuraggi as neither SunWater nor DERM are taking responsibility for this.

Discussions were held in relation to Monsanto funding the wild cotton clean-up in the St George area.

Meeting closed at 11am.
