Apologies

Allan Voss – Burnett

Agenda

- Network Service Plans
- General business

NSP Plans

The plans for both Boyne Bulk and Upper Burnett were distributed and discussed, no issues, will be looking to monitoring delivery of projects against budgets.
The NSP's are available from the SunWater web site.

General Business

Operations

Discussion centred on the recent flood events and the impact on the region. Irrigators have lost pumping infrastructure and will be some time before it is replaced. Advice was given that if issues with metering equipment is an issue then contact the local SunWater operators for assistance.

Meeting Closed 11:00am
