

# **Upper Burnett Water Supply Scheme**

Scheme Summary

Wednesday 15 November 2023

# First Nations Commitment Statement

Sunwater acknowledges Aboriginal and Torres Strait Islander peoples as the first peoples of this country and Traditional Owners and Custodians of the land and water we rely on. We respect and value their continued sacred connection to Country, including the diverse, rich traditions, languages and customs that are the longest living in the world. We acknowledge their resilience in the face of significant and ongoing historical, cultural and political change within Australia. We recognise and value the importance of truth-telling today, and our role to listen and learn. Our vision for reconciliation is that we are a nation of unity and fairness for all; a nation that owns its history and acknowledges its First Nations peoples, their strength and their living culture.

Our goal is to work together to realise mutual benefits with First Nations peoples through authentic relationships and respect for cultural value; fostering a sense of belonging and pride in our people, community, customers and stakeholders. We can learn so much from Traditional Custodians who have cared for Country for thousands of years in the way we sustainably manage water and land. Going beyond compliance and embedding reconciliation into core business practices and decision making brings to life our purpose of Delivering Water for Prosperity through Valuing People, Working Together and Taking Responsibility.

This commitment has been endorsed by our Board and Executive Leadership team and reflects what our people, communities, and Shareholders expect of us. Aligned with our Code of Conduct, which describes how we work together no matter our role or where we are located, this commitment statement will be enabled through an Aboriginal and Torres Strait Islander recognition, engagement and participation strategy.

# Agenda for today

## What to expect from Sunwater

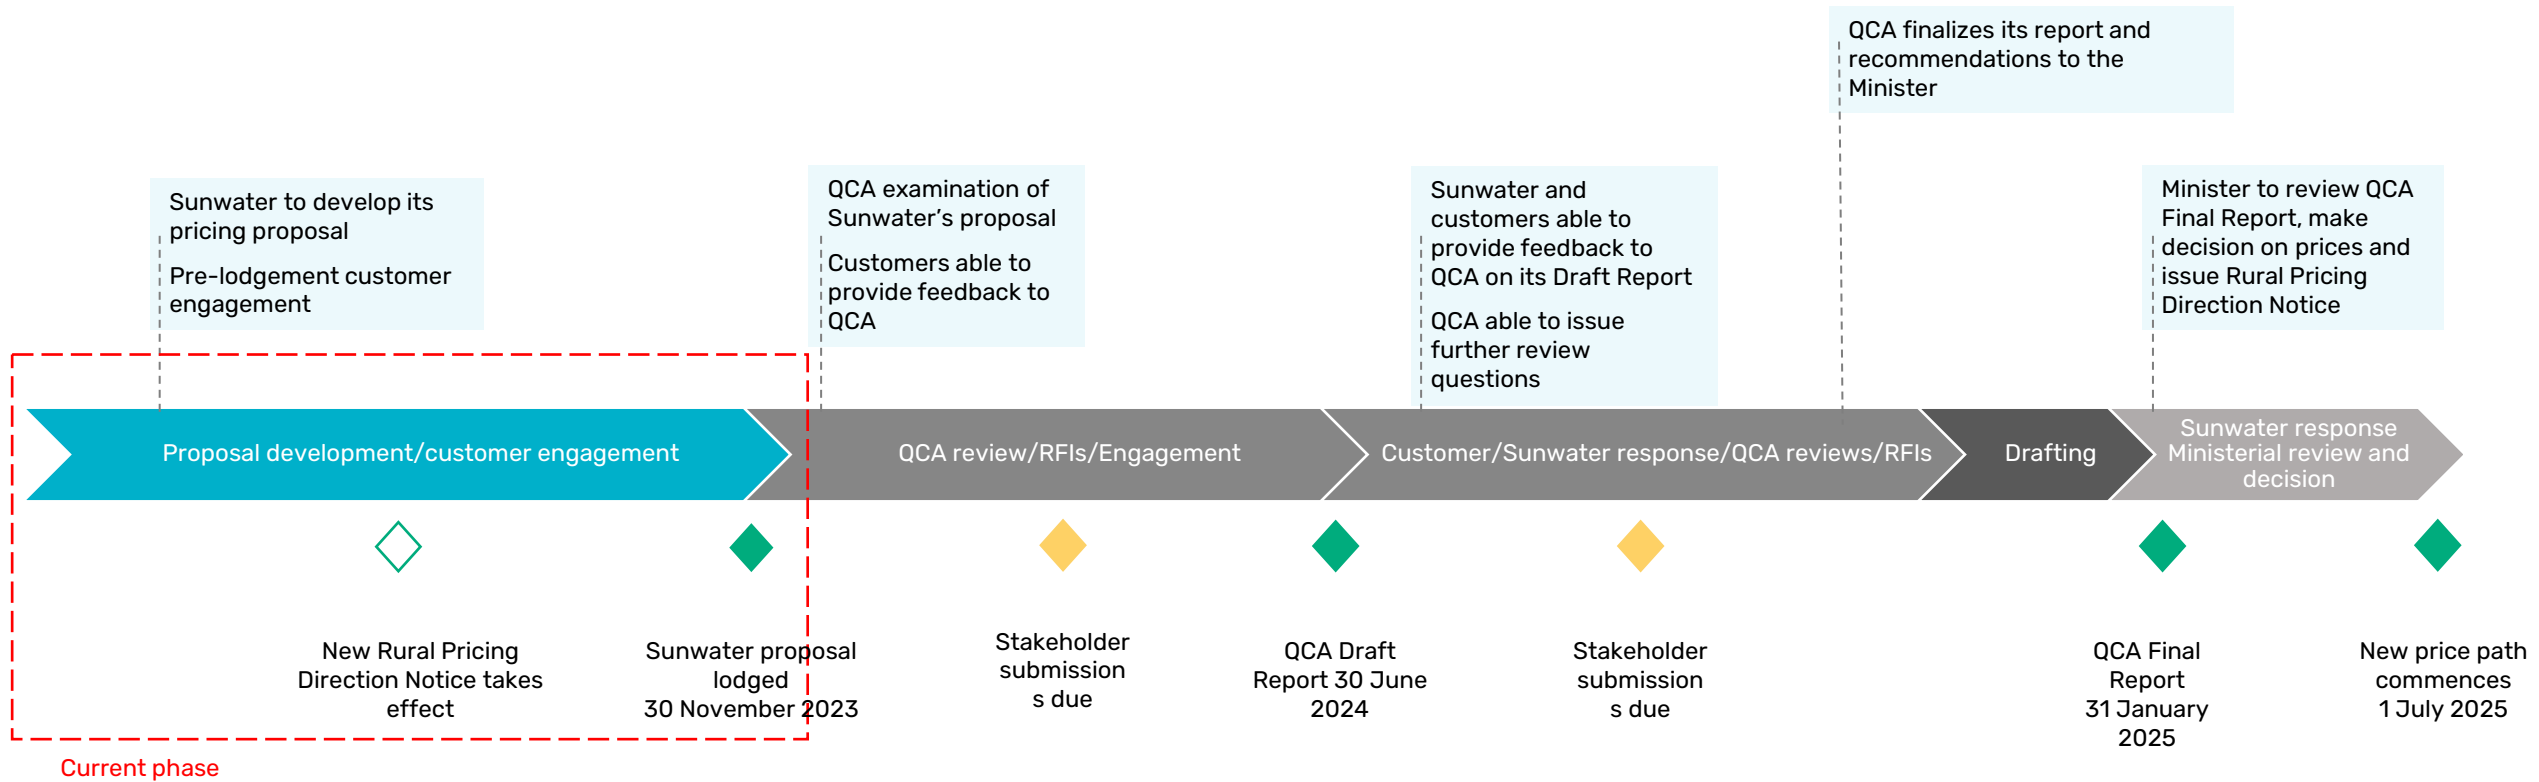

sunwater

We told you we would deliver 3 stages of engagement

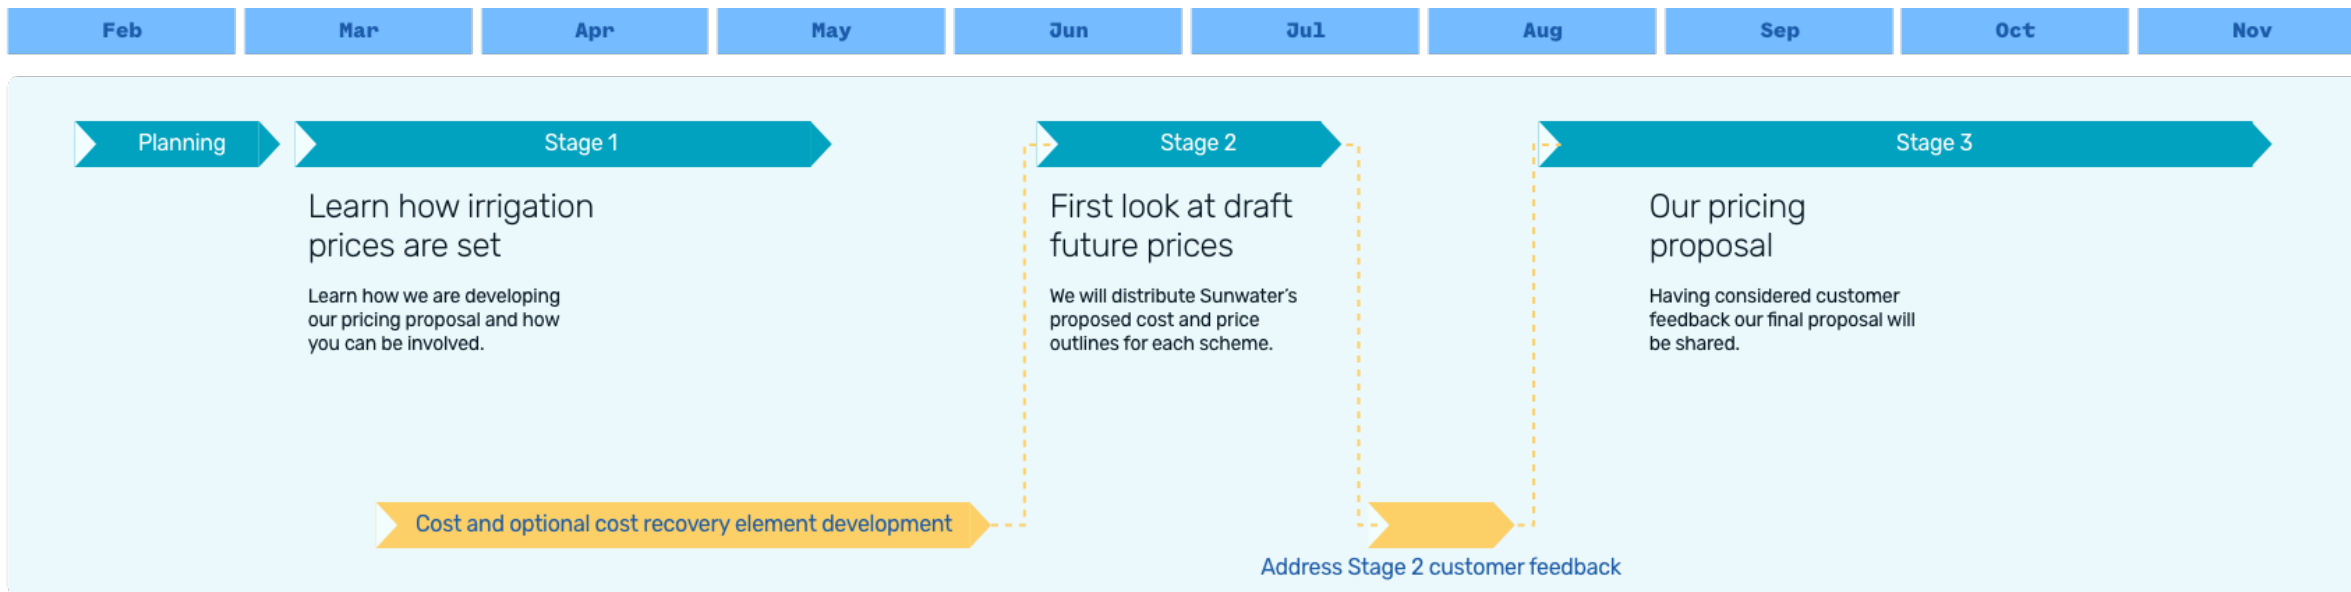

This is Stage 3 and today will go over:

Process	How we got to this point, where to next
Opex	Review outcomes, final forecast
Renewals	
Feedback	What customers have told us, how we have responded
Proposal	Sunwater's final proposal
Prices	Cost reflective and recommended

# Recap – Timeline to 1 July 2025

# Customer engagement

## Customer feedback

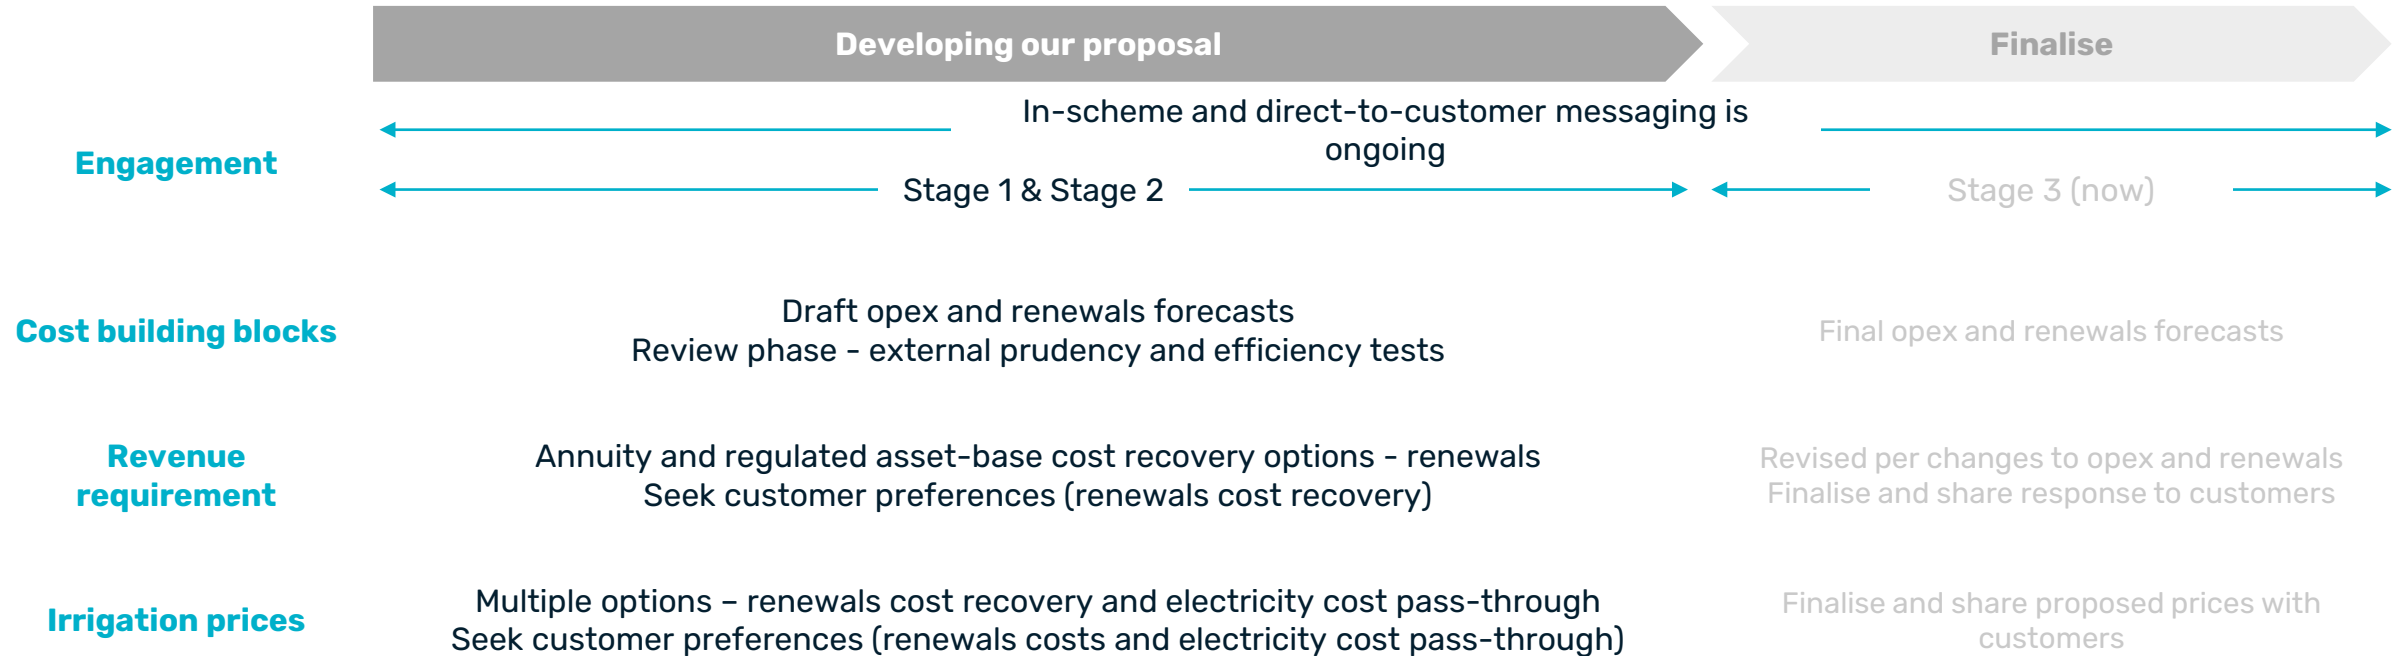

### What customers requested:

- more detailed information on scheme-specific costs including specific details on renewals expenditure

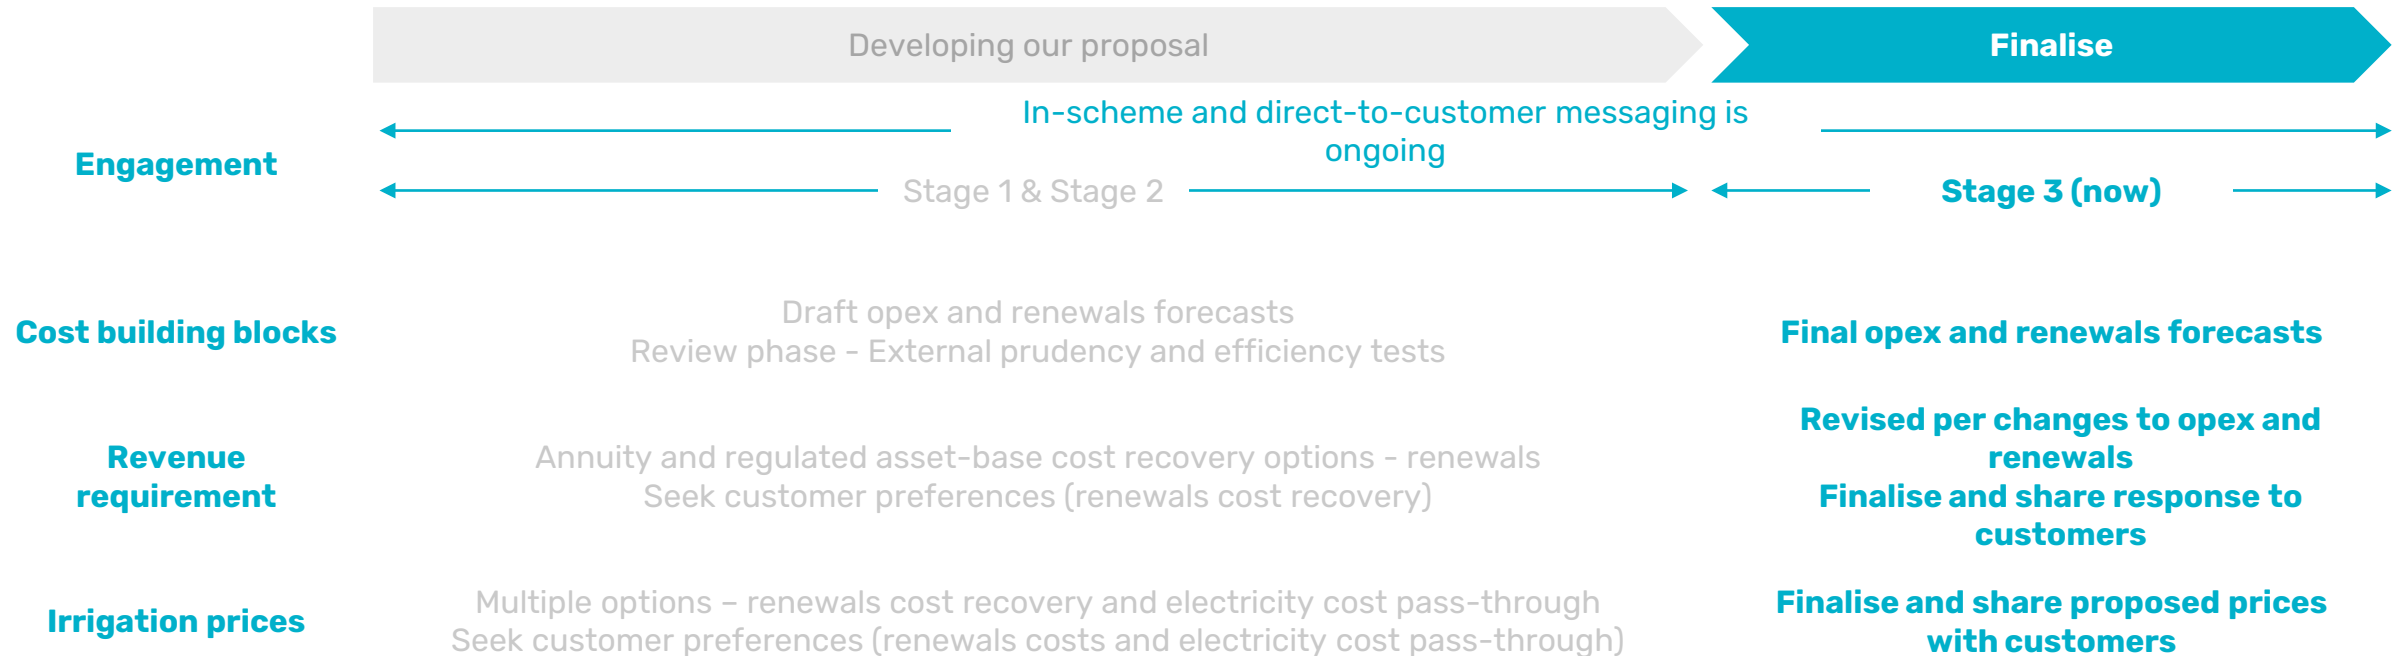

### What we did:

- ✓ Our Stage 3 engagement materials include details on scheme specific opex costs and renewals projects

# Our customers have helped shape our proposal

# Our customers have helped shape our proposal – now it's ready to finalise

# Opex base-year and how it changed from Stage 2

Derivation of opex base year - from Stage 2 to Stage 3 engagement ('000s)

These numbers take the base year and add

- Billing system renewal opex allowance (\$49k per annum)
- Inflation forecasts
