1. Meeting open

- Agenda discussed and confirmed.

2. Operations update

- Sunwater presented on Lower Mary Offstream Storage project.
- Member asked if Sunwater has still got to change the rop over for flood harvesting?
- Sunwater explained that it's been considered in the Detailed Business Case (DBC) and that there's some allowances in the current water plan to fill the storage a couple of times a year to produce the yield. Sunwater noted that there are some triggers about how much water is flowing over the barrage before water harvesting can start.
- Member questioned if Sunwater has specified any specific storage sizes yet or will that considered be part of the DBC?
- Sunwater noted that it believes that there are two options being looked at as part of the DBC and that it will provide the sizes **ACTION**
- Will the DBC made available to members of the CAC?
- Sunwater explained that it will find out but there's certainly intent to share the outcomes of the DBC **ACTION**
- Sunwater talked through the upcoming shutdowns.

3. General business

- Sunwater noted that the End-of-Water-Year newsletter will cover the region this year (rather than the scheme only).

4. Meeting close

- Meeting closed at 9:45am
