

Rookwood Weir Project Industry Briefing

Rookwood Weir is a landmark project that will capture valuable water in the lower Fitzroy River for use across the region.

The project will see the upgrade of local road and bridge infrastructure which will support the construction of Rookwood Weir, to be located 66 kilometres south-west of Rockhampton.

Sunwater and construction partners, ACCIONA and McCosker Contracting, are committed to sourcing products and services within Central Queensland to support the delivery of the project.

Join us for breakfast,
networking and to hear
more about:

- the project
- working with us
- building your capability
- ICN Gateway registration.

You can also register your interest for a 15-minute one-on-one meeting* with a project representative to share your business capability and capacity.

* there are limited meeting times available – meetings will be confirmed the week of the briefing.
