

PREDICTION OF 2019-2020 START OF WATER YEAR ANNOUNCED ALLOCATION FOR 1 JULY 2019

To assist in giving you an indication of what water may be available to you at the start of the new water year on 1 July 2019, Sunwater has predicted the start of water year Announced Allocation for the 2019-2020 Water Year using the forecast storage level tool that is available on our website.

The **predicted** Announced Allocation for 1 July 2019:

- High Priority is **predicted** to be 100%
- Medium Priority is **predicted** to be in the range of 75% to 85%* (plus any carryover that individuals may have approved)
**Please note start of water year is always lower than 100% until actual carryover volumes are known*

To calculate these predictions Sunwater has made an assumption on the volume of water in storage on 1 July, however many variables affect this assumption which may include scheme carryover CAP, inflow, releases and evaporation that may occur between now and 30 June. As such, **these are PREDICTIONS ONLY and are intended to provide you an indication of what the Announced Allocation may be for the new water year.**

From 1 July 2019 Sunwater will calculate the actual start of water year Announced Allocations for 2019-2020 and will publish the announcements accordingly. Customer notifications will be provided by email and/or SMS and will be made available on the Sunwater website. Please call us on 13 15 89 if you need to update your contact details.

CARRYOVER OF UNUSED AVAILABLE WATER

Carryover will be made available to Channel and River allocation holders in the Burdekin Haughton Water Supply Scheme for the 2019-2020 water year subject to the rules for this scheme.

All Channel and River irrigation customers who are metered in the Burdekin Haughton Water Supply Scheme and have remaining allocation water at the end of the water year will automatically get carryover applied to their account therefore an application IS NOT required to be completed. *It is important to note that if your account has an overdue balance as at 30 June 2019 your carryover application will be rejected.*

END OF WATER YEAR METER READINGS

Sunwater will commence the final round of meter readings for the 2018-2019 water year towards the end of June.

Although Sunwater will read your meter/s during June if you wish to record water used up to and including the 30 June as being used in the 2018-2019 water year, you have the option of providing your final meter reading for each offtake to Sunwater by SunwaterOnline, email, fax or telephone. Alternatively take a photo of your meter dial/s and email the photo/s to the Customer Support team ensuring each photo is identified with an offtake number. These reads must be received **no later than Close of Business on Tuesday 2 July 2019**. (Refer to Sunwater contact details below for ways you can provide these reads to us).

Please Note: Any readings received after this time will not be considered in the 2018-2019 water year.

END OF YEAR TEMPORARY TRANSFER APPLICATIONS

Please ensure applications are submitted at least two (2) working days prior to 30 June. Sunwater will send approval/refusal notification to the buyer and seller. For a smooth process ensure that all accounts are paid in full and that the application has been signed by all relevant parties.
