

# Operational Report: Announced Allocation

## Dawson Valley WSS, Upper Dawson sub-scheme

Effective: 1 June 2024

|  | Abbreviation | Value  | Unit  | Remarks |
|--|--------------|--------|-------|---------|
| High Priority Announced Allocation     | AAh          | 100%   |       |         |
| Medium Priority Announced Allocation   | AAm          | 72%    |       |         |
| Medium A Priority Announced Allocation | A Ama        | 92%    |       |         |
| <b>Glebe Weir</b>                      |              |        |       |         |
| Elevation                              | EL           | 170.59 | m AHD |         |
| Storage Volume                         |              | 17,700 | ML    |         |
| Storage Area                           |              | 542    | ha    |         |
| Storage Loss                           | SL           | 2,276  | ML    |         |
| Dead Storage Volume                    | DSV          | 430    | ML    |         |
| Useable Volume                         | UV           | 14,994 | ML    |         |
| <b>Gyranda Weir</b>                    |              |        |       |         |
| Elevation                              | EL           | 157.29 | m AHD |         |
| Storage Volume                         |              | 16,500 | ML    |         |
| Storage Area                           |              | 378    | ha    |         |
| Storage Loss                           | SL           | 1,589  | ML    |         |
| Dead Storage Volume                    | DSV          | 2,120  | ML    |         |
| Useable Volume                         | UV           | 12,791 | ML    |         |
| <b>Theodore Weir</b>                   |              |        |       |         |
| Elevation                              | EL           | 133.63 | m AHD |         |
| Storage Volume                         |              | 4,760  | ML    |         |
| Storage Area                           |              | 100    | ha    |         |
| Storage Loss                           | SL           | 420    | ML    |         |
| Dead Storage Volume                    | DSV          | 750    | ML    |         |
| Useable Volume                         | UV           | 3,590  | ML    |         |
| <b>Moura Offstream Storage</b>         |              |        |       |         |
| Elevation                              | EL           | 125.21 | m AHD |         |
| Storage Volume                         |              | 2,762  | ML    |         |
| Storage Area                           |              | 74     | ha    |         |
| Storage Loss                           | SL           | 311    | ML    |         |
| Dead Storage Volume                    | DSV          | 140    | ML    |         |
| Useable Volume                         | UV           | 2,310  | ML    |         |
| <b>Moura Weir</b>                      |              |        |       |         |
| Elevation                              | EL           | 104.80 | m AHD |         |
| Storage Volume                         |              | 7,700  | ML    |         |
| Storage Area                           |              | 202    | ha    |         |
| Storage Loss                           | SL           | 848    | ML    |         |
| Dead Storage Volume                    | DSV          | 600    | ML    |         |
