Part B – Standard Terms

1 Introduction

1.1 Sunwater and this Agreement

Sunwater manages bulk water infrastructure in Queensland.

In connection with those activities Sunwater holds a **Resource Operations Licence** for water infrastructure in the **Regulated Area**, which authorises it to provide the **Water Supply Services**.

You are responsible for obtaining the water to be transported and either:

- (a) hold a **Customer's Allocation** for the taking of water from the **Regulated Area**;
- (b) propose to acquire an interest in a **Customer's Allocation** for the taking of water from the **Regulated Area**; or
- (c) have a contract for the supply of water under Part 4 of the **Act**.

This **Agreement** sets out:

- (d) the terms on which Sunwater will provide the **Water Supply Services** and **Related Services**; and
- (e) your rights and obligations in connection with those services.

For more information about Sunwater and the services we provide, visit www.sunwater.com.au

1.2 Defined terms and interpretation

Words that are bold and italicised in this **Agreement** have a defined meaning as set out in clause 23.1.

To assist with understanding and interpreting this **Agreement**, a number of principles of interpretation are set out in clause 23.2.

1.3 Consultation with you

This **Agreement** requires Sunwater to consult with you (or entities representing customers within the **Regulated Area**) prior to taking some actions (as set out in this **Agreement**). In undertaking any such consultation, Sunwater will be fair and reasonable and allow you a reasonable opportunity to participate.

2 What is a River Supply Contract

2.1 What this Agreement is

This **Agreement** is between us, Sunwater and you, the **Customer**.

The **Agreement** provides the terms on which Sunwater releases water and provides **Water Supply Services** and **Related Services** to you. It supersedes the standard supply contract under section 1116 of the **Act** for the **Customer's Allocation** (to the extent that standard supply contract would otherwise be applicable).

It is a legally enforceable document and sets out terms on which it has been agreed Sunwater will provide those services and you have accepted the provision of those services.

2.2 What is not covered by this Agreement

This **Agreement** does not entitle you to take water. You must acquire that entitlement separately through a **Customer's Allocation** in respect of the **Regulated Area**, or through a contract for the supply of water from Sunwater or someone else who has such a **Water Entitlement**.

This **Agreement** does not authorise the development or installation of the **Customer's Nominated Works**. You must acquire all relevant permits and approvals for such works.

Accordingly, during the term of this **Agreement** you must procure and maintain in full force and effect and comply with the terms of:

- (a) the **Customer's Allocation**; and
- (b) the **Customer's Approvals**.

2.3 How does this relate to other Agreements you have with Sunwater

Where you have another agreement with Sunwater (whether entered before or after this **Agreement**) which relates to water in the **Regulated Area** then:

- (a) default by you under any such agreement constitutes default by you under each such agreement;
- (b) amounts owing by you to Sunwater under one agreement may be set off against amounts owing by Sunwater under every other agreement;
- (c) any security provided by you in connection with an agreement may be used by Sunwater as if given as security for obligations under all agreements and for all debts due by you to Sunwater;
- (d) a failure to pay any debt due by you to Sunwater when due, is a default under each such agreement; and
- (e) if Sunwater issues a single invoice to you for amounts payable under more than one agreement, non-payment or underpayment by you of that invoice will be considered to be a non-payment or underpayment equally under each agreement. For example, if Sunwater issues a single invoice for \$300 in relation to three agreements, and you pay \$150 of that invoice, you will be deemed to have failed to pay \$50 under each of the three agreements.

2.4 How this Agreement impacts on other customers

The water infrastructure utilised to provide you with services is also used to provide services to other customers. Many of the terms in this **Agreement** have been included to protect other customers within the **Regulated Area** and a breach of your obligations under this **Agreement** may adversely affect the interests of such customers.

You agree, for the benefit of such customers (in addition to being for the benefit of Sunwater), to comply with your obligations under this **Agreement**.

3 How the terms of this Agreement might change

3.1 Review Date

- (a) Subject to paragraph (b), a **Review Date** will occur on:
 - (i) 30 June 2027; and
 - (ii) each 5 year anniversary of that date until this **Agreement** expires or is terminated.
- (b) Sunwater may, by written notice to you, extend a **Review Date** to a later date nominated by Sunwater. If Sunwater does so, subsequent **Review Dates** will occur on each 5 year anniversary of the extended **Review Date**, subject to Sunwater's right to grant further extensions under this clause.

3.2 Sunwater may suggest changes

Some provisions of this **Agreement** may be rendered inappropriate over time due to changes in **Law** or material changes to Sunwater's operations.

Where Sunwater considers that has occurred it will initiate consultation with you or any group representing customers within the **Regulated Area** (if such group exists) with a view to establishing new terms and conditions.

Where, after such consultation, Sunwater has determined new terms and conditions which should apply to the **Water Supply Services** or **Related Services**, Sunwater may by written notice given to you 3 months prior to a **Review Date**, notify you of the new terms and conditions.

If, on or prior to the relevant **Review Date** you:

- (a) accept in writing the new terms and conditions, then as and from the relevant **Review Date** this **Agreement** shall terminate (without releasing either party from obligations accrued to that **Review Date**) and a new agreement on those new terms and conditions shall apply; or
- (b) do not accept the new terms and conditions by the relevant **Review Date**, Sunwater may by written notice to you not later than 3 months after the relevant **Review Date**, elect to continue to supply the **Water Supply Services** and **Related Services** on the terms of this **Agreement** or to terminate this **Agreement** as and from the date of such notice.

3.3 Changes arising from changes in law

Where there has been a change in any **Law**, the **Resource Operations Licence**, or any other instrument made under the **Act**, Sunwater may require reasonable changes to this **Agreement**, after consultation with you.

3.4 Other amendments have to be agreed with you

Except as set out in clauses 3.2 or 3.3, this **Agreement** may only be amended by another agreement executed by you and Sunwater.

4 Term

4.1 When this Agreement commences

The **Agreement** commences on the **Commencement Date**, subject to the satisfaction or waiver of the **Conditions Precedent** (if any).

Where this **Agreement** commences part way through a **Water Year** or item 2 in the **Customer Details** is completed:

- (a) you must make yourself aware of the volume of water taken from the **Customer's Allocation** by the **Current Holder** during the **Water Year** in which the **Commencement Date** occurs.
- (b) you promise that you will make arrangements satisfactory to Sunwater for the **Meter** of the **Current Holder** to be read at the time immediately prior to you taking water under this **Agreement** and provide details of that **Meter** reading to Sunwater promptly. If you fail to do so, Sunwater may adopt the last water reading held in Sunwater's records (even if this reading falls prior to the date of commencement or transfer); and
- (c) you accept that no representation of warranty is given by Sunwater about the volume of water which may be taken by you during the balance of that **Water Year**.

The **Current Holder** shall remain principally liable for all charges until you are entitled to take the **Current Holder's** water under this **Agreement**, however you indemnify Sunwater in respect of any such **Charges** not paid by the **Current Holder**.

4.2 When this Agreement ends

The **Agreement** continues until it is terminated in accordance with its provisions.

5 Water Supply Services

5.1 Sunwater to release water

Sunwater must release water within the **Regulated Area** from the **Sunwater Works** which Sunwater reasonably estimates will satisfy your likely demand from time to time.

5.2 Conditions of release

The release of water cannot be guaranteed.

You acknowledge that the release of water by Sunwater is subject to:

- (a) the **Resource Operations Licence**;
- (b) the **Customer's Allocation**;
- (c) any conditions or constraints on the **Customer's Allocation**;
- (d) Sunwater's estimate of the likely demand of other customers within the **Regulated Area**;
- (e) the capacity of, and availability of water from, the **Sunwater Works**;
- (f) the provisions of the **Act** and instruments made under it; and
- (g) this **Agreement**.

5.3 No promise as to water quality

You acknowledge and agree that the water is not:

- (a) drinking water as defined in the *Water Supply (Safety and Reliability) Act 2008* (Qld);
- (b) water that is food as defined under the *Food Act 2006* (Qld); or
- (c) water taken or supplied for domestic purposes under the Act.

You must satisfy yourself about the quality of water by testing or other means prior to diverting or taking any water in the **Regulated Area**.

Without limiting the above, Sunwater makes no representation and gives no warranty:

- (d) about the quality of water within the **Sunwater Works** or the **Regulated Area**;
- (e) that any actions, measures or steps will be taken by Sunwater to prevent any adverse effects on the quality of water prior to its diversion or taking by you or on your behalf (whether in the **Regulated Area**, within the **Sunwater Works** or after its release from **Sunwater Works**); or
- (f) that water within **Sunwater Works**, the **Regulated Area** or available for diversion or taking by you at the **Customer's Nominated Works** is potable or suitable for any purpose (whether or not Sunwater knows about that intended purpose).

You must indemnify Sunwater against any **Liability** incurred or suffered by or brought or made or recovered against Sunwater in connection with the quality of water within the **Sunwater Works** and the **Regulated Area** where your act or omission (whether or not under this **Agreement**) has

affected the quality of such water, and by any person to who you have supplied water or allowed to take water.

You release Sunwater from all **Liability** which you may have or claim to have or but for this release might have had against Sunwater connected with the quality of water within the **Sunwater Works**, the **Regulated Area** or diverted or taken by or on your behalf.

5.4 Risks you assume in relation to water releases

You bear the risk of and any **Liability** resulting from:

- (a) destruction of or damage to the **Customer's Nominated Works** from an **Event of Force Majeure** or resulting from Sunwater releasing water, under this or any other agreement or the **Resource Operations Licence**;
- (b) **Supply Water Losses**;
- (c) the exercise of a **Statutory Right**, for example, a water permit issued by the **Regulator**; and
- (d) any action taken under a **State Direction**.

6 Restrictions on water releases

6.1 When Sunwater can suspend or restrict water releases to you

Sunwater may suspend or restrict releases of water from the works of Sunwater:

- (a) during maintenance or replacement of the **Sunwater Works** or of the water infrastructure of the holder of another resource operations licence in the **Regulated Area**;
- (b) where Sunwater or the holder of another resource operations licence in the **Regulated Area** is carrying out works for new water infrastructure;
- (c) where, in the reasonable opinion of Sunwater, such release:
 - (i) may cause or contribute to damage to the property, livestock, crops or assets of any person (including Sunwater or you);
 - (ii) may cause or contribute to loss of life or injury to persons;
 - (iii) may cause or contribute to an adverse effect on public health;
 - (iv) is likely to constitute a breach by Sunwater of its obligations under the **Resource Operations Licence**, any **Law** or an agreement; or
 - (v) would be impractical considering the level of demand, performance of the watercourse (including potential water losses) and the requirements of other customers within the **Regulated Area** at the time;
- (d) by reason of an **Event of Force Majeure**; or
- (e) where provided for under the **Sunwater Rules**.

6.2 When Sunwater can direct you not to take water

Sunwater may direct you or any person diverting or taking water pursuant to the **Customer's Allocation**, not to divert or take water under the **Customer's Allocation**, where you:

- (a) have committed a material breach of this **Agreement**;
- (b) are in arrears for payments for **Charges** for more than 2 months;
- (c) have breached this **Agreement** and have not reimbursed Sunwater for costs incurred by Sunwater in rectifying the breach;

- (d) have not provided the security required under clause 10; or
- (e) have breached any of clauses 9.1, 11.1(a), 11.1(b), 12.3(b), 12.3(c) or 12.5.

Any such direction must give you a reasonable time (being 7 days for payment of outstanding debts and 14 days for provision of security) within which you are permitted to object in writing to the direction, and must take the remedial steps required.

6.3 Consequences of you ordering but not taking water

If you breach clause 11.2(c) and, in the reasonable opinion of Sunwater, that represents a risk that:

- (a) Sunwater is in breach of its obligations under the **Resource Operations Licence** or any other instrument made under the **Act**; or
- (b) the rights and interests of other customers within the **Regulated Area** will be adversely affected,

then Sunwater must notify you within 3 months of the end of the **Water Year** in which the breach occurred, that:

- (c) your right to take the **Customer's Maximum Delivery Volume** under this **Agreement** is reduced, by the volume of water not taken; and
- (d) the reduction will be made from your **Customer's Maximum Delivery Volume** in the current and subsequent **Water Years** until the volume of water not taken has been entirely deducted.

The parties acknowledge that action or inaction by Sunwater under the provisions of this clause 6, does not prevent Sunwater from taking action under another clause of this **Agreement**.

6.4 Consequences if you do not comply with a direction not to take water

Where Sunwater considers that you, or a person to who the direction is given, has not complied with or will not comply with a direction under clause 6.2, Sunwater may take all reasonable steps to ensure that you or the other person complies with the direction, including not releasing water under this **Agreement** and/or stopping you or other persons taking water by making modifications to **Sunwater Works**, the **Meter** or the **Customer's Nominated Works**.

7 Related Services

If you are not in breach of this **Agreement**, then Sunwater will provide at your request each of the following **Related Services**:

- (a) connection services (including Sunwater procuring and installing a **Meter**);
- (b) disconnection services (including Sunwater arranging for the removal of a **Meter**);
- (c) extra **Meter** reading services (involving Sunwater reading a **Meter** in addition to a reading anticipated under this **Agreement**);

- (b) **Consumption Charges** are rendered in arrears for the period for which **Meter** readings have been taken on behalf of Sunwater.
- (c) **Other Charges**: The balance payable for **Other Charges** for **Related Services** shall be rendered, at Sunwater's election, in advance or in arrears of performance of the **Related Services**.
- (d) **Minimum Charges**: Where, in Sunwater's reasonable opinion, the **Minimum Charge** (if any) will apply for the **Service Charges** in any **Water Year**, Sunwater may render an invoice for the **Minimum Charge** in advance with any adjustment to be made in the last invoice for the relevant **Water Year**.
- (e) **Indexation of Fixed Charges and Consumption Charges**: Where the relevant **Charges** are not **Regulated Charges**, as and from each 1 July, the **Consumption Charges** and the **Fixed Charges** shall be increased by the proportion by which the **Index Number** last published for the period immediately prior to the relevant 1 April has increased, over the **Index Number** published for the relevant period immediately prior to the preceding 1 April.

8.3 When you will be invoiced

Sunwater may, unless otherwise required by **Law**, render an invoice to you for:

- (a) **Service Charges** at approximately the **Billing Interval** or as published in the **Sunwater Rules**;
- (b) **Other Charges** after performance of any **Related Services**; and
- (c) where the **Service Charges** are the **Minimum Charge**, annually in arrears subject to clause 8.2(d).

If Sunwater does not render an invoice at the time it was first entitled to do so under this clause 8.3, Sunwater may render an invoice up to two years after that time.

8.4 Invoicing errors

If you receive an invoice that you believe is incorrect, you can contact us on 13 15 89 or email customersupport@sunwater.com.au.

If an error is discovered in any invoice to you, within 2 years from the date of the invoice, Sunwater may issue a subsequent invoice to you, with an amount reflecting the error. If correcting the error requires:

- (a) Sunwater to reimburse you, reimbursement may be effected by setting off the reimbursable amount against amounts payable on the next invoice or by refunding the reimbursable amount on request by you; or

- (b) If the error is such that you are required to pay Sunwater an additional amount, then Sunwater must invoice you for that amount, which will become due as provided for in clause 8.5.

8.5 Due date for payment

- (a) You must pay all invoices from Sunwater within 30 days after the date of the invoice.
- (b) Where you notify Sunwater of a dispute about an invoice under clause 16, you must pay to Sunwater the undisputed amount in accordance with this clause. Once the dispute is resolved, the amount agreed or determined to be outstanding must be paid within 30 days of that resolution.
- (c) Any amounts charged by Sunwater, if not paid by you when due, will accrue interest at either the rate applicable to such amount under any agreement between you and Sunwater or otherwise at the **Overdue Rate**. Such interest will be calculated on a daily basis and compounded at the end of each calendar month, from the due date for payment up to and including the date the unpaid amount is paid. Sunwater may include interest payable under this clause 8.5(c) in an invoice subsequently forwarded to you.

8.6 Sunwater is entitled to use estimates for Consumption Charges in certain circumstances

If, for any period during the current **Water Year** or the most recently completed **Water Year**:

- (a) Sunwater has reasonable grounds to believe that the **Meter** is or was not measuring accurately;
- (b) no **Meter** is installed;
- (c) access to the **Meter** was not obtained for any reason; or
- (d) Sunwater has reasonable grounds to believe that you have not strictly complied with the requirements of clauses 12.3(a), 12.3(b), 12.3(c) or 12.3(d),

Sunwater may make an estimate of the volume of water taken by you over that period to determine your **Consumption Charges**.

Any estimate made by Sunwater under this clause may be issued to you as a separate invoice by Sunwater.

In making such an estimate, Sunwater must consult with you, act reasonably and may have regard to any relevant matter including water ordered by you, your prior water use history, hours pumped, electricity consumed, industry practice or the area under irrigation.

8.7 How your charges are made or amended by Sunwater

Where **Consumption Charges** or **Fixed Charges** are:

- (a) **Regulated Charges**, Sunwater shall charge you the **Regulated Charges**; or
- (b) not **Regulated Charges**, Sunwater shall charge you the charges as published in the **Customer Details**, as indexed under clause 8.2(e) and, where required by notice by Sunwater to you under this clause, reviewed on each **Review Date**.

Where charges are initially **Regulated Charges** and then cease to be, the first **Review Date** will be the date from which such **Consumption Charges** or **Fixed Charges** are not **Regulated Charges**.

During the period commencing 6 months before any **Review Date** and expiring 6 months after any **Review Date**, despite clause 8.2(e), Sunwater may notify you of the amount of the

Consumption Charges and/or the **Fixed Charges** as and from the relevant **Review Date**. In determining such **Charges**, Sunwater shall:

- (a) act reasonably; and
- (b) have regard to the criteria which would be taken into account under any statutory regime for prices oversight from time to time applying in Queensland.

Sunwater's determination of such **Charges**, shall be final and binding on you unless in determining the **Charge** Sunwater did not meet the criteria described above.

Where, as a result of Sunwater notifying you of the **Consumption Charges** and/or **Fixed Charges** after a **Review Date**, an adjustment needs to be made, including to such **Charges** as may have been indexed under clause 8.2(e), then you must pay Sunwater (or Sunwater must pay you, as applicable) the amount of the adjustment promptly, and within 30 days of Sunwater's notice.

Sunwater may make or amend the **Other Charges** and the **Minimum Charge** (if any), and shall publish particulars of such **Other Charges** and **Minimum Charge** from time to time. In determining the **Other Charges** and **Minimum Charges**, Sunwater shall act reasonably. The published **Other Charges** and **Minimum Charge** shall be final and binding on you unless in determining them Sunwater did not act reasonably.

8.8 Charges for water you order but do not take

If you do not take water ordered in accordance with clause 11.2(c) and, in Sunwater's reasonable opinion, the failure to do so either represents a risk that:

- (a) Sunwater is in breach of its obligations under any **Law** (including under its **Resource Operations Licence**); or
- (b) the rights and interests of other customers within the **Regulated Area** will be adversely affected,

then Sunwater may require you to pay the **Consumption Charges** for all water you ordered but did not take including the relevant charge in an invoice issued by Sunwater within 3 months of the end of the relevant **Water Year**.

This clause does not limit any other rights of Sunwater under this **Agreement** or otherwise against you in relation to any such breach. In particular, Sunwater may require you to pay an amount equal to the costs reasonably incurred by Sunwater in complying with your order, less the relevant charge for **Consumption Charges**.

8.9 Consequences where water ordered beyond Maximum Delivery Volume

Where Sunwater forms the opinion referred to in clause 8.8, and the sum of the water you ordered but did not take and the water taken, exceeds the total of your **Customer's Maximum Delivery Volume**, you shall be deemed to be in breach of clause 11.1(a)(iii).

8.10 Consequences where another person has diverted water for you

Where:

- (a) another person diverts water on your behalf; and
- (b) in taking the water from that other person, you have taken more water than:
 - (i) you were entitled to take from that person; or
 - (ii) was ordered from that person,

then:

- (c) you will pay the **Consumption Charge**, calculated on the volume of water that would have been diverted to allow the water to be taken or ordered; and
- (d) you will be deemed to be in breach of clause 11.1(a)(iii).

8.11 Costs to you of Sunwater providing information or approvals

Where information or an approval is to be provided by Sunwater under this **Agreement** or by **Law**, you shall pay to Sunwater an administration charge for the information or dealing with the approval:

- (a) as set out in the **Regulated Charge**; or
- (b) and if there is no such **Regulated Charge**, the charge published from time to time in accordance with clause 8.7, if any.

8.12 GST

The parties agree that:

- (a) if the whole or any part of any **Payment** is the consideration for a **Taxable Supply** for which the payee is liable to **GST**, the payer must pay to the payee an additional amount equal to the **GST Amount**, either concurrently with that **Payment** or as otherwise agreed in writing;
- (b) any reference to a cost or expense in this **Agreement** excludes any amount for **GST** forming part of the relevant cost or expense when incurred by the relevant party for which that party can claim an **Input Tax Credit**; and
- (c) the payee will provide to the payer a **Tax Invoice** if clause 8.12(a) applies.

9 Regulatory compliance

9.1 Statutory framework

You and Sunwater agree that, in the performance of this **Agreement**, each party is required to comply with:

- (a) the **Act** and instruments made under it or developed in connection with the **Act** or such instruments;
- (b) the **Water Plan**;
- (c) the **Water Entitlement Notice**;
- (d) the **Resource Operations Licence**;
- (e) the **Water Management Protocol**;
- (f) **Operations Manual**; and
- (g) trading rules set out in the **Resource Operations Licence**.

You must not, by an act or omission cause Sunwater to breach any of those documents.

9.2 Sunwater Rules

Sunwater may make and amend the **Sunwater Rules** concerning the **Regulated Area**.

The **Sunwater Rules** may impose additional obligations on you, or prescribe how Sunwater will conduct its activities:

- (a) where reasonably necessary to implement Sunwater's rights and obligations as the holder of the **Resource Operations Licence**; and

- (b) to set out or provide operational details as to how the rights and obligations of Sunwater and you under this **Agreement** shall be satisfied.

Changes to the **Sunwater Rules** must not be inconsistent with the **Resource Operations Licence** and this **Agreement** and must first be the subject of consultation with you or any group representing customers within the **Regulated Area** (if such group exists).

9.3 Native Title

If, under any **Law** relating to **Native Title**, the commencement or performance of this **Agreement** is affected by **Native Title** or any requirement under such **Law**, then this **Agreement** and Sunwater's obligations under this **Agreement** are subject to any such requirement.

10 Your obligations in relation to provision of security

Sunwater incurs significant fixed costs in providing services, such that it requires certainty of payment from each of its customers.

10.1 When and how much security you can be required to provide?

- (a) Sunwater requires security upfront if so indicated in the 'Service Details' section of Part A.
- (b) If paragraph (a) applies, you must promptly provide (and maintain until released in accordance with clause 10.5) a security of an amount equal to the **Security Amount**.
- (c) Where no requirement for upfront security is indicated in the Service Details section of Part A, Sunwater may require you provide **Requested Security** if:
 - (i) you commit a breach nominated in either of clause 6.2(a), 6.2(b), 6.2(c) or 6.2(e) of this **Agreement**, whether Sunwater has given a direction or not; or
 - (ii) Sunwater is not reasonably satisfied as to your financial capacity to comply with your obligations under this **Agreement**.
- (d) After a request in writing by Sunwater under paragraph (c), you must promptly provide (and maintain until released in accordance with clause 10.5) a security of an amount as nominated by Sunwater up to the **Service Charges** invoiced for the previous **Water Year** (or for the first **Water Year**, Sunwater's reasonable estimate of the **Service Charges** for that **Water Year**), being the **Initial Requested Security Amount**.

10.2 What type of security can you provide?

- (a) The security you provide must take the form of an on demand guarantee on terms and from a bank reasonably acceptable to Sunwater.
- (b) Despite clause (a), you may request that Sunwater accept security in the form of a cash deposit and if requested, Sunwater may in its absolute and sole discretion accept security in the form of a cash deposit.

10.3 What happens if you don't provide security?

Failing to provide security where required under clause 10.1 is a breach of this **Agreement**.

Sunwater is not obliged to provide any services under this **Agreement** until:

- (a) the security is provided to Sunwater; and
- (b) thereafter, if Sunwater uses the security to pay amounts owing by you under this **Agreement**, until you have provided further security so that the total security is for an amount not less than the amount calculated under clause 10.1.

10.4 Holding and recourse to security

- (a) Sunwater may have recourse to security to pay amounts owing by you under this **Agreement**.
- (b) Where you provide security in the form of a cash deposit, Sunwater does not hold the cash deposit on trust for you.

10.5 Getting your security released

Upon the later of termination of this **Agreement** and the payment of all moneys owing by you (whether or not then due or owing contingently or prospectively) Sunwater shall release any security provided by you under this **Agreement**. Sunwater is not obliged to pay to you any interest accrued in relation to any security provided under this **Agreement**.

10.6 Periodic increases in Security Amount and Requested Security Amount

- (a) As and from each 1 July, the **Security Amount** and the **Requested Security Amount** shall be increased by the proportion by which the **Index Number** last published for the period immediately prior to the relevant 1 April has increased, over the **Index Number** published for the relevant period immediately prior to the preceding 1 April.
- (b) As and from each 1 July after the **Commencement Date** which is a **Review Date** where there is a review under clause 8.7, despite clause 10.6(a), the **Security Amount** shall be increased to the amount equal to the amount of:
 - (i) **Fixed Charges** (as determined as applicable from that **Review Date** under clause 8.7) over a period equal to the **Security Coverage**; or
 - (ii) **Service Charges** invoiced for the previous period equal to the **Security Coverage** (or for the first **Water Year**, Sunwater's reasonable estimate of the **Service Charges** for the period equal to the **Security Coverage**) at the rates as determined as applicable from that **Review Date** under clause 8.7),
- (c) according to how the **Initial Security Amount** has been calculated as set out in the 'Service Details' section of Part A.
- (d) Where an **Initial Requested Security Amount** has been notified, as and from each subsequent 1 July which is a **Review Date**, the **Requested Security Amount** shall be increased to the amount as nominated by Sunwater up to the **Service Charges** invoiced for the previous **Water Year** (or for the first **Water Year**, Sunwater's reasonable estimate of the **Service Charges** for that **Water Year**).

10.7 Security Amount

- (a) If at any time the **Security Amount** exceeds 110% of the amount of the security provided by you then held by Sunwater, Sunwater may, by notice in writing:
 - (i) advise you that the **Security Amount** is greater than 110% of the amount of the security provided by you as held by Sunwater as at the date of the notice; and
 - (ii) advise you of the adjusted **Security Amount**.
- (b) Within 30 days after receiving a notice under clause 10.7(a), you must:
 - (i) replace the security provided by you with further security for the adjusted **Security Amount** as notified by Sunwater and otherwise comply with clauses 10.1 and 10.2; or
 - (ii) provide additional security for the difference between the amount of the security provided by you as held by Sunwater as at the date of the notice given under this

clause 10.7(a) and the adjusted **Security Amount** as notified by Sunwater and otherwise complying with clauses 10.1 and 10.2.

- (c) If you fail to replace the security provided by you, or provide additional security, as the case may be, in accordance with your obligations under this clause 10.7(a), Sunwater may, without limiting any other rights Sunwater may have, suspend or restrict the **Water Supply Services** until such time as you provide replacement or additional security in accordance with your obligations under this clause 10.7(a).

10.8 Requested Security Amount

- (a) Where a request for **Requested Security** has been made in accordance with clause 10.1(c), if at any time the **Requested Security Amount** exceeds 110% of the amount of the security provided by you and held by Sunwater, Sunwater may, by notice in writing:
 - (i) advise you that the **Requested Security Amount** is greater than 110% of the amount of the security provided by you as held by Sunwater as at the date of the notice; and
 - (ii) advise you of the adjusted **Requested Security Amount**.
- (b) Within 30 days after receiving a notice under clause 10.8(a), you must:

 - (ii) provide additional security for the difference between the amount of the security provided by you as held by Sunwater as at the date of the notice given under this clause 10.8(a) and the adjusted **Requested Security Amount** as notified by Sunwater and otherwise complying with clauses 10.1 and 10.2.
- (c) If you fail to replace the security provided by you, or provide additional security, as the case may be, in accordance with your obligations under this clause 10.8, Sunwater may, without limiting any other rights Sunwater may have, suspend or restrict the **Water Supply Services** until such time as you provide replacement or additional security in accordance with your obligations under this clause 10.8.

11 Your obligations in relation to taking water

11.1 General obligations in relation to taking water

- (a) **Limits on taking water:** You must not take water:
 - (i) beyond the water you are entitled to take under the **Customer's Allocation** through the **Customer's Nominated Works**;
 - (ii) at a rate higher than the maximum diversion rate under clause 13.2(a), which may be varied temporarily or permanently from time to time by agreement between the parties, provided the variation does not breach a **Law** or have the potential to adversely impact on another person;
 - (iii) that is more than the **Customer's Maximum Delivery Volume**, except as allowed by this **Agreement** or as a **Statutory Right**; and
 - (iv) until approval is granted by Sunwater and, if required, you are registered as the holder of the **Customer's Allocation**.
- (b) **Conditions on taking water:** In taking water, you must comply with:

 - (iii) in your reasonable opinion, the water was not of a suitable quality for your usual purpose; or
 - (iv) otherwise provided for under the **Sunwater Rules**.

For the avoidance of doubt, the application of paragraphs (c)(i) to (iv) does not relieve you of your obligation to pay **Charges** in relation to water you have ordered but do not take.

You agree that all water ordered will be accounted for under the water sharing rules administered under the **Resource Operations Licence** such that:

- (d) where the water sharing rules contain capacity sharing arrangements or provide for water accounting at the **Sunwater Works**, your water orders will be used to determine water available to you; and

You are also entitled to have the **Meter** tested and calibrated by a certified testing authority, with the prior consent of Sunwater (not to be unreasonably withheld).
